

McGillivray Mine Working Big Crew

According to current report the McGillivray Creek Coal & Coke Co. have at present one of the largest staffs ever employed by that company in recent years. Last week over one hundred men from Blairmore, Bellevue, Hillcrest, and other mining centres in The Pass were added to their staff, which together with their regular employees, will give them premier place as having the largest pay roll of any single mine in The Pass.

This large staff will be kept busy for many months filling the large coal contracts awarded this company by the Canadian Pacific Railway to replenish their coal dumps at Blairmore points.

The International Coal & Coke Company, Coleman's other large mining company, also have a large contract to fill for the railway, and although they have not as yet got working full blast, owing to mechanical disturbances incidental to the construction of their quarter of a million dollar steel tipple and washer, it will not likely be long before both mining companies will be reaching their maximum output of black diamonds, and when this is accomplished Coleman will assume her rightful place as the largest and best industrial centre in the coal fields of The Pass.

Let Us Have The Facts.

The local Board of Trade would be doing something of lasting benefit for the taxpayers of Coleman if, in the near future, they were the means of turning the searchlight of publicity on the expenditures made by the Town and School authorities.

During the past four years—probably longer—there has been no public statement issued by the School Board setting forth what it costs to operate our local educational institutions. Rumor has it that some \$30,000 are required yearly to meet these expenditures, and it is also reported that certain costs are not instructor's salaries alone—are the highest in the entire province. Also that the costs on a basis of pupils enrolled, is thousands of dollars higher than that of neighboring towns.

If, upon investigation, these rumors were found to have any foundation in fact, public opinion might force the hands of the Board to institute more economical methods without in any way impairing the efficiency of our schools, resulting in a reduction of taxation to the sorely pressed ratepayers. When it is remembered that many thousands of dollars of taxes remain unpaid besides the taxes that are "worked" out, and thousands paid in relief, there would seem to be a vital need for retrenchment on the part of the civic bodies in Coleman if we are ever going to improve our financial position.

If the rumors in circulation have any basis in fact it is the height of inconsistency to keep a number of employees in a day of luxury while "relief" funds are doled out by the municipal treasury to buy the necessities of life for the groaning taxpayers.

The weather of the past week clearly indicates that Old King Winter does not intend giving place to Alice Spring without making strenuous protest. Biting East wind with snow and fifteen degrees of frost is not a very nice reception for K-r when one considers the mild weather the old gent sent us during the winter months.

Old Time Resident's Funeral

The funeral of the late Fred Wheatcroft, Sr., who was found dead on his ranch a few miles west of Coleman on Wednesday evening of last week, took place on Sunday afternoon. Service was held in St. Alban's church conducted by Rev. H. L. Nobles and was largely attended by sorrowing relatives and old time friends of the deceased.

The chief mourners were: Mrs. F. Wheatcroft, widow; five daughters, Mrs. G. Luck, Mrs. A. L. Desobel, Mrs. Carter, Mrs. McGillivray, Mrs. A. Fowler; three sons, Mr. F. Wheatcroft, Jr., Mr. Ambrose and Mr. A. Wheatcroft.

The casket was covered with floral tributes from members of the family and friends.

Have Your Town as You Like It

"If you want to live in the kind of a town,
Like the kind of a town you like,
You needn't slip your clothes in a grip.

And start on a long, long hike.
You'll only find what you left behind,
For there's nothing that's really new.

It's a knock at yourself when you knock your town.
It isn't your town—it's you!

Real towns are not made by men afraid
Lest somebody else gets ahead.
When everyone works and nobody shirks

You can raise a town from the dead.
And if, while you make your personal stake,
Your neighbor can make his, too,
Your town will be what you want to see.

No, it isn't your town—it's you!

Personal and Local.

The Priest in charge of St. Alban's Church, Coleman, has received from the Bishop of Calgary the "Oswin Creighton" prize. This prize is awarded for the priest showing in his explanations for Holy Orders the highest theological standing.

It is in memory of the Rev. Oswin Creighton who before giving his life in the service of his country served in Alberta. This is the first time that this award has been given.

Minerva Chapter O. E. S., spent a very pleasant evening with cards and dancing on Thursday of last week. There was a large turnout of members and many visitors from adjoining towns. The winners at cards were:—Ladies 1st, Mrs. M. W. Cooke, 2nd, Mrs. Robt. Evans; Gentlemen, 1st, Mr. W. E. G. Hall, 2nd, Mr. T. O. Davis, Hillcrest.

On Good Friday and Easter Monday the wilket of the general delivery at the local post office will be open for one hour only each day, from 9:30 to 10:30 a.m.

Mr. and Mrs. Robt. Evans, accompanied by Mr. and Mrs. R. G. Powell, motored to Pincher Creek on Sunday last.

Mr. John Salvador had the misfortune to lose his large motor truck by fire last Sunday while out at Cardanville and became a total loss. We understand it was partially covered by insurance.

The Lord Bishop of Calgary will pay his final visit to Coleman on Sunday, April 18th. He will be the celebrant at the holy communion service at St. Alban's Church at 11 a.m.

Little Vivian McLeod, daughter of Mr. and Mrs. J. A. McLeod, who was in the hospital for a short time has sufficiently recovered to return home this week.

LOCAL, PERSONAL AND GENERAL NEWS

Canada exported more goods to the United States during the year 1925 than any other country in the world, according to a report of the U. S. Department of Commerce. In the matter of purchases in the United States, Canada ranked second only to Great Britain. Canadian exports for the period reached a value of \$454,782,560, while imports from the United States totalled \$560,672,508.

Remember that the Rev. Geo. A. Dickson of Knox Church, Calgary, is to lecture on "The Folks Next Door," in St. Paul's United Church on April 16th. It is a feast of wit and wisdom.

Page a Grade VIII Scholar!

According to information reaching The Journal this week, it appears that some of our leading citizens have not yet learned to distinguish the vast difference between "knocking" and constructive criticism.

Special services are being held during this week at St. Alban's Church, also on Good Friday and Easter Day, morning and evening.

The Coleman Town Band have arranged a worth while program to be rendered in the Grand Theatre on Sunday evening, April 4th. Get your program early and avoid the rush.

A Gun Club section was formed last week in connection with the Coleman Rod and Gun Club, and it is the intention of those behind the venture to purchase traps and clay pigeons and hold regular shooting matches.

An executive meeting of the Coleman Boy Scouts' Association took place in St. Alban's Hall on Tuesday, April 6th, at 7:30 p.m.

A will, written on a petition, disposing of a \$250,000 estate, recently was upheld in a Los Angeles court; thus proving again the power of a woman's skirt.

When the next coal strike comes we will need an arbitration commission to determine when and how an arbitration commission should arbitrate.

Fernie's tax rate for the year 1926 has been set at 38 mills; for school debt, 2.54 mills; school expense, 19.28 mills; school deficit, due to Home Bank loan, 2 mills; city debt, 6.78 mills; city expense, 7.40 mills.

Blairmore has so many two-faced people that if the census enumerators started in to count noses they would find we had a population of 3000—Blairmore Enterprise.

That's a rather nasty crack on the good people of Greater Coleman. However, there would be no difficulty in counting 3,000 noses in Coleman proper, even if the two faced people were not enumerated.

Card of Thanks

Mrs. Wheatcroft and family wish to express their sincere thanks for the beautiful floral tributes, and to all who assisted in any way in their recent bereavement.

The Coleman Curling Club will hold their Annual Meeting and Smoker on Tuesday, April 13th in the I. O. O. F. Hall at 7:30 p.m. Tickets for smoker \$1.00.

A sacred concert rendered by the Bellevue Orchestra takes place in the theatre, Bellevue, on Sunday evening, April 4th, at 8:45 p.m.

Don't Leave it to "George"

Owing to but a handful of people turning out to the swimming pool meeting held on Monday evening, the gathering adjourned without accomplishing anything. From the lack of interest shown by the attendance at this meeting it appears that many former enthusiasts are losing interest after the half way goal has been reached. The matter has advanced to the stage where it would be the height of folly to allow it to die a natural death. With the united support of all those interested, Coleman can put it across. Buck up pool enthusiasts! Don't let "George" do it. Put your shoulder to the wheel and help finish the work.

BOOST COLEMAN!

What some people need is vaccination against small-townitis. If it doesn't take on the arm we get it in the neck.

If all the fellows who oppose progress and criticize public spirited citizens were laid end to end the country would be better off.

We can't cite chapter nor quote verse, but we've got a notion that somewhere it says that the knocker will knock in vain at the peep's gate.

The business men of Coleman are the salt of this part of the earth. If you keep "shaking them down" without supporting them, after a while they gum up and refuse to pour.

Personal and Local

Phone 209
If you know of an item of local news, call 209. Social items, personals, etc., are welcomed by The Journal. Your co-operation is invited in the gathering of local news.

R. W. H. Pinkney, merchant of Blairmore was elected by a majority of 178 over J. A. McDonald, miner, in the school trustee election held on Tuesday. Mr. Pinkney takes the place on the board held by the late Louis Dutil.

The fellow who used to go along and help pay for the gas now has to agree to help pay the fines.

Hon. J. E. Elliott, minister of Labour in the MacKenzie King Cabinet, won the West Middlesex election in Ontario on Monday by a majority of 2081. This is almost 1000 larger than he secured in the general election last October. The newly elected minister secured 6520 votes to 3839 polled for his Conservative opponent.

"Richard Dix," shown at the Palace Theatre on Saturday last was one of the most thrilling scenic productions shown here for some time. The auto race played a punch in every inch of the film and was intensely realistic.

Fort Arthur and Varsity hockey teams are tied with a win each and one draw for the Allan Cup. The deciding game is being played to-night.

Clean-up, Paint-up!

We have a full line of Stephens' Paints, both for interior and exterior use. Also a full range of colors in Alabaster. We are prepared to give you a special price on all paints in 5 gallon lots or over. Come in and talk it over.

MARRIED WILSON-CARR

A quiet wedding was celebrated at St. Paul's Church, Manse, Coleman, by the Rev. D. K. Allan on Monday evening at 8 p.m., when two well known and highly respected young people of Coleman, Miss Alice Carr and Mr. Alex. Wilson, were united in the holy bonds of matrimony. Miss Nancy Patterson and Mr. Reg Windley signed the register following the ceremony.

Mr. and Mrs. Wilson will make their home in Coleman, and have the best wishes of many friends for a long a happy married life.

Suggests Publishing Their Names

An agitation is on foot in Blairmore to get the town council to post up or publish a list of parties seeking relief from the town. This seems to be a rather cruel method of crucifying those unfortunate who are really in need of help, in an attempt to stop them from not in need, from getting it. Yet there is no gaining the fact that, something will have to be done towards curtailing the money spent yearly on relief in some of the townships in The Pass, if those towns are to have any money left to spend on many other pressing civic requirements.

The L. O. B. A. will hold a Bazaar in the Knights of Pythias Hall on Saturday, April 3rd, from 2 to 6 p.m. Fancy Work Table, Candy and Home-Cooking Tables. Afternoon Tea. —31-2 n.p.

GOLFERS ATTENTION!

A meeting will be held on Tuesday, April 6th, in the office of the International Coal & Coke Co., at 8 p.m.

All interested please attend.

Special Easter Services

Friday, April 2nd, at 8 p.m.
Subject—"The Trial and Crucifixion of Jesus."

Sunday, April 4th
11 a.m. and 7:30 p.m.
Subject—"The Resurrection and its Meaning to us"

Officers in charge, Capt. M. Milley, Lieut. R. McMillan. A hearty welcome awaits you. Come and pay us a visit.

PLAN TO FILL UP VACANT LANDS NEAR RAILWAYS

Ottawa.—A government scheme for making loans to settlers on crown lands was closely discussed in the house. Debate first turned on the resolution preceding the bill. Hon. Charles Stewart, minister of interior, sponsoring the resolution, intimated that the purpose of the scheme was to encourage settlement along the railways.

The resolution was adopted and the bill given first reading.

The resolution, sponsored by Hon. Charles Stewart, acting minister of immigration, proposes that the government should advance to settlers on crown lands, who are Canadian citizens, loans up to \$1,000, to other citizens, not coming within that definition, loans up to \$500.

The total sum which the government would be authorized to pay out in any particular year would be limited to \$5,000,000.

Hon. Charles Stewart, minister of the interior, stated that there was still a considerable area of crown lands in the prairie provinces with an area of 15 miles from the railways. One of the objects of the legislation was to encourage settlers to take up these lands, clear them and cultivate them.

"What we ought to try to do is to consolidate settlement along the existing lines of railway," said Mr. Stewart.

"The minister pointed out that if settlement was pushed back far from the existing lines of railway, settlers were working under a certain amount of hardship and later came a demand for railway extensions. It was desirable to save the Dominion and Provincial Governments the cost of opening up new territory."

Kept Lighthouse Lamp Going

Fourteen-Year-Old Girl Was Alone For Three Nights at the Light of Wile.

London.—The light in St. Helen's lighthouse, near Cambridge, on the Isle of Wight, was kept flashing for three nights by the 14-year-old daughter of the lighthouse keeper.

The girl was named Mary. Her mother was out of bed, except one night and a small piece of cake, but nevertheless she carried out her father's duties valiantly.

Langton and his wife rowed ashore in a rough sea to fetch food and oil to the lighthouse, says the Daily Mail. They were ashore the sea rose in its fury, and notwithstanding several attempts made in a lifeboat and motor boat the father and mother were unable to return to the beacon.

As for an anxiety for his daughter left alone in the light, Mr. Langton said he was not at all worried, as he was to whether she would realize the necessity to light the lamp, which is one of the most important ones alone the coast. Great as was the risk, the light burned punctually, and remained flashing regularly the night.

As the flash worked regularly while Mr. and Mrs. Langton were ashore, it was evident that the girl kept awake at night and wound every hour the clockwork apparatus which turned the light.

New Tariff Board

Hon. George P. Graham Has Been Appointed Chairman

Ottawa.—In response to a query made in the House of Commons by Rt. Hon. Arthur Meighen, Premier King announced the personnel of Canada's new tariff board.

Rt. Hon. George P. Graham will be chairman and Joseph Darnley, of Montreal, and Donald G. MacKendry, of Winnipeg, will constitute the tariff board.

Experts from the various branches of the government service and any other financial and economic experts will be called in to act in an advisory capacity occasionally. The commission itself will inquire into tariff matters and advise the government.

Funding French Debt

London.—Rt. Hon. Winston Churchill, chancellor of the British exchequer, hopes that negotiations looking to the funding of the French debt to Britain will be shortly resumed.

In expressing himself optimistically in the house, the chancellor said there were still difficulties to overcome, the most serious of which was the French contention that in the event of total failure of the German reparations France could not be expected to continue payments.

May Be Governor-General

London.—Lord Cromer is going to Canada next July. It is learned on the highest authority, in connection with the governor-generalship.

W. N. U. 162

Prepare Italians For Emigration To Canada

Premier Mussolini Advises Sending Southern to Northern Italy

London.—Premier Mussolini, of Italy, proposes transferring Southern Italians to Northern Italy, where they can be acclimatized preparatory to emigrating to Canada and establishing what he calls "emigration centers."

This purpose was revealed by Senator Dandurand, of Montreal, in an interview with the British United Press. Senator Dandurand said he recently saw a letter from Mussolini to Miss Garibaldi, who went to Canada to see if it would be possible to establish an Italian township. She found, he said, that Canadians everywhere said:

"Don't send Southern Italians, send Northerners. For this reason Mussolini has started this way out of the difficulty and is working out his scheme for preparing his countrymen for life in Canada."

Senator Dandurand said, "Something analogous like this is needed to overcome the employment problem in England. Agricultural training centers should be created in England for preparing emigrants for their life in Canada."

Egyptians Recognize Prestige of Britain

Majority Realize What Empire Has Done For Their Country

Ottawa.—An optimistic outlook for Egypt and its relations with Great Britain was given by Viscount Allenby, until recently high commissioner in that country, in an address following a luncheon by the Canadian Club here.

The victorious commander of the Palestine campaign was given an impressive welcome by a distinguished audience.

The prestige of Great Britain in Egypt, Lord Allenby said, was never greater than it is today. There is a real feeling of recognition on the part of the majority of the Egyptians for what Britain has done for their country.

Will Protect Soviet Delegates

Russian Representatives Invited To Disarmament Talks in Geneva

Geneva.—The text of a letter embodying a final appeal to Soviet Russia from the League of Nations council to participate in the disarmament studies is Geneva has been made public. It shows that the council upholds the attitude of the Swiss Government that Moscow should not be accorded the representation from that country to the representatives of the other countries invited.

The letter emphasizes that Switzerland has promised every measure of protection for the Soviet delegates, thus seeking to remove the Geneva might be the scene of incidents similar to that in Lausanne in 1922 when Vorovsky was assassinated.

Loaned To Canada

His Majesty King George Offers Valuable Casket To Be Preserved in Canadian Building in London

London.—His Majesty King George has offered Hon. P. C. Larkin, Canadian high commissioner in London, for preservation in the Canadian building in London as a permanent loan, the handsome casket which contained the address presented to King Edward by the survivors of the war of 1812-14.

The casket is of black walnut, Canadian oak and Canadian maple. It is of beautiful workmanship and is richly carved, and on it is a representation of the Prince of Wales' plume.

Will Discuss Locarno Pact

Canadian House of Commons Will Have Opportunity After Easter

Ottawa.—The House of Commons will be given an opportunity to discuss the Locarno agreement shortly after the Easter recess. Premier King, in answer to a question by Dr. P. McPherson (Conservative, Muskoka), stated that if members were anxious to discuss the agreement, he would see that an opportunity was given. He observed that the agreement was not yet in effect. Consequently, there did not appear to be any great need for haste in discussing it.

Gifts For King and Prince

Santa Clara, Cal.—Two Alaska goat skins destined to be a present to King George of England and the Prince of Wales, are on exhibition here.

The skins were submitted by the Prince on the occasion of his visit to Alaska, during a dyeing and tanning process here. They will be shipped to England next week.

Lloydminster Oil Discovery

Recent Find Promises To Result In An Oil Boom

Saskatoon.—What promises to be an oil boom has started in the town of Lloydminster, Sask., with a number of claims already filed with the Dominion lands office at Prince Albert, where \$1,600 was taken last Saturday.

It was a cow that made history by setting fire to the old city of Chicago. A cow, or rather cattle, have been the authors of the present excitement in the northern town, which, with the announcement that it will be the divisional point of the new Canadian Pacific line, has made the place a booming settlement.

For the past two years John Moran, a farmer 12 miles south of town, on the Saskatchewan side of the Alberta boundary, has had difficulty in making his cattle drink the water from a 160-foot well situated on his property. Recently, at the instance of a visitor from Edmonton who was interested in oil development, a sample of the bottom of the shaft was sent to the University of Alberta for analysis.

The answer from the analyst was that the sample was 75 per cent of what is known as distillate, an even purer form of liquid fuel than the sticky, muddy liquid drilled in the Whitewater field, with which, according to the professor, this Lloydminster discovery has a geological connection.

THE PROBLEM OF THE WORLD WAR'S HERITAGE

London.—The problem of the world's war heritage of inter-aliated debts was given a practical airing in the House of Commons and Winston Churchill, chancellor of the exchequer, and Philip Snowden, Laborite and former chancellor, who are poles apart politically, joined hands in the house in agreeing that the burden of responsibility for the war debt difficulties rests on the United States for refusing to adopt a policy of all-round cancellation.

Mr. Snowden pre-empted the debate in the hope of helping to bring Great Britain's recalcitrant continental creditors to time, and he spared neither the United States, France nor Italy in the scathing bitter criticism for which he has a reputation.

With ministerial responsibility associated with his utterances, Mr. Churchill, restrained his statement somewhat, and on the whole was hopeful of obtaining from Great Britain's debtors the necessary \$23,000,000 sterling which this country is now paying to the United States annually.

And thus the chancellor, who believes the British Government will be enabled to carry out the principle of the Balfour note, whereby Great Britain declared her intention of collecting from her continental allies only sufficient sums to pay her indebtedness to the United States.

Mr. Churchill described the undertaking to pay £100,000 sterling daily for more than three generations of the nation as "one of the most stupendous tasks and burdens ever assumed by any country in the whole world's history."

Mr. Churchill described the undertaking to pay £100,000 sterling daily for more than three generations of the nation as "one of the most stupendous tasks and burdens ever assumed by any country in the whole world's history."

PAYS TRIBUTE TO DOMINIONS FOR SUPPORT

London.—Sir Austen Chamberlain opened his speech in the House of Commons debate on the Geneva settlement by saying he wished to pay tribute to the dominions and the provinces of the British Empire.

There were present at Geneva during the arduous and anxious fortnight he passed there, representatives of all the British dominions and India, and it was his good fortune throughout to be in the closest touch and consultation with them.

They all met almost daily in his room, Sir Austen said, and communications of the most confidential nature passed among them more than once daily. He desired to express the debt that he owed them for the sympathy and support which they had accorded him in one of the most difficult tasks that it had ever been his lot to confront.

May Expect Large Orders

Australia Will Buy Canadian Newsprint Says Melbourne Editor

Vancouver.—Canada may expect a third or a half of the Australian newsprint orders, running more than a million pounds sterling as a result of the Australian-Canadian trade treaty, according to Keith Murdoch, editor and general manager of the Melbourne Herald, who arrived in Vancouver from the Orient on the Empress of Asia, enroute to London, England.

At first the treaty appeared to favor Canada. Sale of dried and canned fruits from Australia in this country, he thought would depend upon the attitude of exporters in Australia. It might be advantageous to have a resident Australian trade commissioner in this country, or some representative of the manufacturing and export houses.

Conditions in Australia were bright he observed.

An Epochal Event

Radio Delivers Message To School Room In Toronto

Toronto, Ont.—Mrs. Adelaide M. Plummer, member of the board of education, speaking at a mother and son banquet, said that so far as she knew for the first time in Canada, pupils in some of the high schools of Toronto sat in their classrooms one afternoon recently and heard the radio deliver its messages to them.

She thought it an epochal event, not only in the history of this country, but in an age when so many remarkable things were being achieved.

Will See Big Gold Rush

Prospector J.W. — Edwin M. Caswell, a prospector of many years' experience, has just returned to Toronto from Red Lake.

By the spring, he says, the rush will have become the biggest mining stampede in Canadian history.

Prorogue Quebec House

Quebec.—The third session of the fifteenth legislature of Quebec was prorogued by Lieutenant-Governor Narcisse Pérodeau. The session opened on January 7.

Quebec.—The third session of the fifteenth legislature of Quebec was prorogued by Lieutenant-Governor Narcisse Pérodeau. The session opened on January 7.

Last Week In The Alberta Legislation

Healthy Financial Condition of the Province Is Shown In Budget Speech

Edmonton.—The shortest budget debate on record concluded on Monday evening, the proceedings being confined to one day, excepting the budget speech by the provincial treasurer, Hon. R. G. Reid, made on Thursday.

Two opposition and four government members spoke.

In presenting the budget, which called for an estimated expenditure of \$11,677,862.92, and revenue of \$11,699,522.99, leaving a surplus of \$21,659.16, Mr. Reid commented on the healthy financial condition of the province.

The proportion of all local taxation in producing provincial and municipal production was 7.7 per cent, the lowest of any province west of Quebec.

Reviewing the situation during the severe year required of the Farmer Government, Mr. Reid said that they had been able to effect big economies, controllable expenditure having been reduced \$1,179,594.57.

J. C. Brown, opposition leader, criticized the administration of the government, stating that greater economies should be effected. The other speakers in the debate were W. T. Henry, Liberal, Edmonton; Hon. Geo. Hoadley, minister of agriculture; W. N. Shields; H. F. A. Hucled; Russell Love, U.F.A., Wainwright; and Donald Cameron, U.F.A., Inland.

Several hours debate took place on the new Factory Act, which provides for a general five-hour work week in factories, workshops, stores, etc., with power given to the lieutenant-governor in council after January 1st, 1935, to declare for a forty-eight hour week. It was stated during the debate that eighty per cent of the organized industries of the province were already on an eight-hour basis.

The act was given second reading, but the government will introduce some amendments during the committee stage to meet representations made.

During the week a number of bills were advanced to the committee stage.

SAYS GRAIN RATE RESULTS IN LOSS TO RAILWAYS

Ottawa.—On handling grain west of Fort William the Canadian National Railway lost \$12,000,000 in 1923 and 1924—approximately 16,000,000 cars according to evidence given before the board of railway commissioners by F. J. Watson, of the Canadian National Railways, at the hearing of the application of the Quebec harbor commission for a lower grain rate on the National trunk continental line.

Mr. Watson added: "We are handling a lot of high-class traffic at the same time which compensates us for this loss." The figures for the 1923 grain handling were not at present available, but Mr. Watson said he was not familiar with the figures east of Fort William.

Deputy Chief Commissioner Vien was asked to know how the figures of the losses on grain trade were arrived at. The reply was that the company was prepared to show the accounting to the board, but was not willing to have it made public. Mr. Vien argued that the parties interested in this case had an inherent right to know how this loss was arrived at. Such a statement must be justified.

Manitoba Sells Elevators

United Grain Growers Purchase String Of 'Eighteen Elevators From Government

Winnipeg.—Sale of 18 of the Manitoba Government elevators to the United Grain Growers' Limited, was consummated by order-in-council signed by Lieutenant-Governor Sir James Aikens today.

The sale price involves a total of \$101,000, the prices received for individual elevators ranging from \$1,000 to \$9,000.

The company previously had purchased 48 of the government-owned elevators and at present holds 16 on lease which expires in the fall of 1927.

Canon Cody Honored

Toronto.—Rev. Canon H. J. Cody, of Toronto, has confirmed the announcement that he had been invited to preach the first English sermon of the seventh assembly of the League of Nations in Geneva, September 12. He was the first Canadian to receive this honor.

NEW SETTLERS FOR CANADA ARE MOSTLY BRITISH

Ottawa.—The department of immigration and colonization takes exception to a reported speech delivered in Montreal recently by William Birks.

Objection is taken to the reported declaration that Canada was encouraging alien and not British immigration.

"An examination of the steamship manifests of all passenger ships arriving at Atlantic ports from the first of February to the fifth of March shows that a total of 2,214 passengers, 1,537 were British and 777 were aliens," states the department. "During the last fiscal year overseas British immigration totalled 55,178 against a total of 42,368 in the previous fiscal year (1921-22) and in the previous fiscal year (1921-22) British against 55,120 aliens. Not only is it not true now, but it never was true that overseas alien immigration equaled overseas British immigration."

Referring to another reported statement in the speech, the department says:

"Canada for years past has secured more immigrants from the British Isles year by year (with one possible exception) than Australia, and usually more than Australia, New Zealand and South Africa combined. Furthermore, the Australian census shows that in 1921 Australia gets comparatively few British immigrants except those whose passages are paid wholly or in part. In 1924 Canada assisted 6,261 out of a total British immigration of 72,919, and during the same period Australia assisted 5,608 and in the previous fiscal year (1921-22) British against 55,120 aliens. Not only is it not true now, but it never was true that overseas alien immigration equaled overseas British immigration."

Referring to another reported statement in the speech, the department says:

"Canada for years past has secured more immigrants from the British Isles year by year (with one possible exception) than Australia, and usually more than Australia, New Zealand and South Africa combined. Furthermore, the Australian census shows that in 1921 Australia gets comparatively few British immigrants except those whose passages are paid wholly or in part. In 1924 Canada assisted 6,261 out of a total British immigration of 72,919, and during the same period Australia assisted 5,608 and in the previous fiscal year (1921-22) British against 55,120 aliens. Not only is it not true now, but it never was true that overseas alien immigration equaled overseas British immigration."

Egg Regulations Remain Unchanged

Department of Agriculture Announces Decision Regarding Buying and Selling

Ottawa.—It has been decided not to introduce any changes this year respecting the present regulations governing the buying and selling of eggs, the department of agriculture has announced. The regulations, it was stated, have been under consideration by other organizations in the trade as well as the department. It was found impossible, however, to come to any agreement on regulations that were likely to prove satisfactory to all parties concerned. In the circumstances it was thought advisable to give those interested a little more time to become accustomed to handling eggs under fairly close supervision before introducing any further modifications or doing anything to increase the responsibilities of the producers interested in the trade.

Ottawa.—It has been decided not to introduce any changes this year respecting the present regulations governing the buying and selling of eggs, the department of agriculture has announced. The regulations, it was stated, have been under consideration by other organizations in the trade as well as the department. It was found impossible, however, to come to any agreement on regulations that were likely to prove satisfactory to all parties concerned. In the circumstances it was thought advisable to give those interested a little more time to become accustomed to handling eggs under fairly close supervision before introducing any further modifications or doing anything to increase the responsibilities of the producers interested in the trade.

Will Not Postpone Conference

Special Party Will Take Place in October As Arranged

London.—The imperial conference arranged for next October will not be postponed according to the most reliable information, although representations to this effect have been made to the government since the disaster at Geneva.

It is pointed out that those who suggested postponement that the next meeting of the league council is scheduled for September, while the imperial conference is to take place in the month following. It may be possible therefore for Dominion representatives to attend both gatherings which would be a great benefit all round.

Resigns As Leader

Hon. T. C. Norris Retires From Leadership of Manitoba Liberal Association

Winnipeg.—Hon. T. C. Norris resigned as leader of the Liberal party in the provinces at his conference of the Manitoba Liberal association today. Mr. Norris, who has been an outstanding figure in the public service of Manitoba for a quarter of a century, seven years of which he spent as premier, gave falling health as the reason for his retirement. The resignation will not go into effect until the annual provincial convention of the party this fall.

Holds Double Portfolio

Ottawa.—Hon. Ernest Lapointe, minister of justice, has also become secretary of state, but Lapointe will still hold a double portfolio although the identity of the two departments will remain.

The appointment does not involve a by-election. Mr. Lapointe has sworn in as secretary of state in the place of the late Hon. J. G. Macdonald, and of the prime minister.

Sir Henry Walford Davies

World-famous exponent of the educational and national value of music, who will be a delegate to the third triennial conference of the National Council of Education to be held in Montreal, April 8-10. Sir Henry is a pioneer in community singing and has composed a number of well-known choral works for English musical festivals, among them being the music for "Everyman," originally produced at Leeds and frequently repeated.

THURSDAY, APRIL 1, 1926

THE POWER OF DUPLICATION.

A striking advertisement in a recent issue of a well known magazine commands attention. The ad is about a book. It goes on to say that if only one volume of that book were produced the cost would run into many thousands of dollars. By the power of duplication, by means of printing, the expense is reduced in proportion to the number of copies obtainable plus the ratio of potential sales.

These facts bear a direct relation to the power of advertising; which is merely the multiplying of the advertiser's effort and accomplishment, and which, when done in accordance with the rules of the game, unquestionably reduces the price of the commodity to the consumer. Advertising is the same "power of duplication" in salesmanship; and again it is the printing press that does the trick.

The "Youth Movement" is worrying educators and sociologists. But when it's in father's car at 60 miles per hour it worries the traffic officers and pedestrians.

One hopeful aspect in cigarette smoking is that it's becoming fashionable to throw it away after the first few puffs.

Government would be worth all it costs to some people if they didn't have to pay cash.

If the horse becomes extinct will horse sense go with it?

The only skeptical thing about the Prodigal Son story is that when he returned he found the old folks at home.

It isn't the so called monopolies that hurt us so much as the painful arguments put up for and against them.

It must cost them a lot to keep changing the names on the official stationery of the French Government.

Alberta Legislature

No Budget Amendment—Debate Collapses—Disposition of Highway Grant

(By John Mackenzie)

During the past week the Alberta House has been working at high pressure with a view to cleaning up the business on hand by Easter. There is a possibility that another short session will be held after Easter, if the Dominion makes any change in the agreement re Natural Resources, and has its rural credit bill in shape.

Budget Agreed To

It had been expected that the budget debate, which opened Monday with the address of the leader of the opposition, J. C. Bowen, would continue till Wednesday, but it died on Monday evening, after one other Liberal, W. T. Henry, had spoken, and four Farmer members had replied to Mr. Bowen's criticisms.

In his address on the Budget the Liberal leader doubted the accuracy of the surplus announced last year, claiming that had it not been for the highway grant of the Dominion Government being placed in income instead of capital, and the unusually high amount received in 1925 in succession duties there would have been no surplus. The Government had added \$27,000,000 to the bonded debt in the past five years, and had no fiscal policy. He suggested a vigorous land settlement policy, and a bigger effort to find coal markets.

Liberals Want Money Spent on Main Highways

A full-dress debate was staged on Wednesday on the Canada Highways Act. R. C. Marshall, (Liberal, Calgary), and J. C. Bowen, opposition leader, supporting a resolution that the Government should use all moneys earned under the Dominion Highways Act for the construction of highways in the Province. They contended that the money should not be placed in general revenue, but specially devoted to main highways, which in the opinion of the Liberal speakers, did not include market roads. The money received was being used for political purposes, and to balance the budget.

Premier Brownlee replying said that the argument was absurd. Every dollar received from the Canada Highways Act was spent on highways, and would continue to be spent on highways.

Hon. Alex. Ross, Minister of Public Works, said that as against \$274,000 of a grant, earned in 1924, and received in 1925, the province had expended \$1,300,000 in 1924 and a similar amount in 1925, on highways, bridges, and interest on highways projects. The Dominion would not give the grant unless it was expended on highways. Market roads, to get grain, etc., to markets, were highways, and as such entitled to grants as the trunk tourist roads.

Moving an amendment the addition of the words "continue to" making the resolution read that the Government should continue to spend the money received from Canada Highways Act on highways, the vote resulted in, Bowen, Dochene, Marshall and Pingle, Liberals, voting against the amendment, while the motion as amended carried without audible dissent.

Estimates and Legislation

During the week consideration of the estimates was taken up, the votes for the Departments of Agriculture, Health, Provincial Secretary, and Public Works being passed.

A number of bills were passed through the committee stage.

Latest Idea in Surgery

Alberta Professor Discovers Medicine That Hastens Recovery Of Broken Bones

Medicine to speed up recovery from broken bones is the latest idea in surgery. Bones consist largely of calcium phosphate, and after a fracture, fresh quantities of this substance must be taken from the blood for the formation of new bone. The healing process is slow owing to the small quantity of calcium and phosphorus in the blood.

Professor Collip, of the University of Alberta, Edmonton, obtained from the parathyroid glands an extract which, when injected or given by the mouth, increases the amount of both calcium and phosphate in the blood. The parathyroids are four small glands in the neck near the thyroid gland, or embedded in it.

SUNDAY SCHOOL LESSON

APRIL 4

JESUS APPEARS TO HIS DISCIPLES (EASTER LESSON)

Golden Text: Because thou hast seen me, thou hast believed; blessed are they that have not seen, and yet have believed. John 20:29.
Lesson: John 20:24-21:25.
Devotional Reading: Revelation 1:8.

Explanations and Comments

The Risen Savior Appears to the Disciples in the Upper Room, 20:19-23. On the evening of the Sunday following the crucifixion, Christ appeared to the disciples in the room where they were assembled. That his body was no longer subject to ordinary laws, he testified by his appearance in their midst although the doors were closed. "Peace be unto you," was his greeting, and then to convince them of his identity, he showed them his pierced hands and side. The disciples believed and rejoiced. Again he said, "Peace be unto you," and added, "As my Father hath sent me, even so send I you." "An associate and friend of years," Dr. Henry Ostrum, has described an African prince visiting the African settlement at the St. Louis Exposition. He was clad in African dress, and he ran his fingers down the back of the neck of the one who claimed to be a prince and found the scar that was there, the mark of his royalty. Then the aged man fell upon his knees with all the others to worship him. And Christ stands before us as the Lamb that had been slain; scar in his hands and feet, in his side and back and on his brow. He is our Redeemer! (Dr. J. Wilber Chapman).

VETERINARY DOCTORS

use and recommend Minard's Liniment. Splendid for sprains, bruises, cuts, chafes, swellings.

MINARD'S LINIMENT
"KING OF PAIN"

ON THE AIR

What is Doing in the World of Radio

KFI station at Los Angeles has an arrangement which cuts an entertainer or speaker without the person knowing that he is talking to a "dead mike."

A Missouri lady radio fan sends this in to a Kansas City broadcasting station: "Since your station started broadcasting our cat sleeps in the barn."

The biggest radio station in the world is that of Rugby, England, which covers nine hundred acres and has twelve steel masts, each more than eight hundred feet high. The total length of wires used in its aerials is more than three miles. It uses super-power of 100 kilowatts and a wave length of about 6,000 meters.

The first wireless station on the Alps has been fitted up. It is located on St. Margaret's Hut, which is 5,250 feet above sea level on the route to the summit of Mount Rosa. Generally, when a climber is in danger and help is needed, the guide has to spend many hours getting down to the foot to secure assistance. With this wireless station at the top, all that is necessary is to send a summons, and the next few minutes help will already be on the way.

Practically all large broadcast stations in New York are booked solid for advertising. It is difficult for anyone to get advertising through these stations even at advance dates. WJAP leads all other stations for advertising accounts and revenue. The charge made by this station is said to range from \$100 to \$600 per hour. WJAP is a United New York station which "carries" a great amount of advertising at a rate said to be \$300 an hour. Other broadcasting stations throughout the country charge stiff rates for the use of their studio, but the average cost is estimated at \$75 an hour.

Nervalgia Conquered
Its Pain Destroyed

Magical Results Come When You Apply

NERVINE

It Acts Quickly

Nervine is a powerful, yet gentle, remedy for all nervous ailments. It has been written: "For twenty years we have used Nervine in our home, and not for the world would we be without it. As a remedy for all pain, earache, toothache, cramps and disorders of the stomach, I know of no preparation so useful and quick to relieve as Nervine." Remember this, wherever there is pain, rub on Nervine, and you will get prompt results—25c at all dealers.

Tip On Tacking

Tacks are elusive and hamstrings in the inexperienced hand bruise the fingers easily. Try this: Stick the tack through stiff paper or light cardboard, then hold the paper in the desired position. Thus you may bang away at Mr. Tack until he is subdued.

To Asthma Sufferers. Dr. J. D. Kellogg's Asthma Remedy comes like a helping hand to a sinking swimmer. It gives new life and hope—something he has come to believe impossible. Its benefit is too evident to be questioned—it is its own best argument—its own best advertisement. If you suffer from asthma get this time-tested remedy and find help like thousands of others.

Victims Of Wild Animals

Over 3,000 People Killed in British India Last Year

In British India alone last year it is reported 3,000 persons were killed by wild animals and 20,000 died from snake bites. Tigers accounted for 1,653 deaths; wolves for 835; leopards for 464; and crocodiles took the lives of 212. The wild pig killed more than 100, bears and elephants about 70. During the year about 23,000 wild animals were killed, so that the ratio of human to wild animal deaths in the jungle is about one to six.

FREE GOVERNMENT INFORMATION

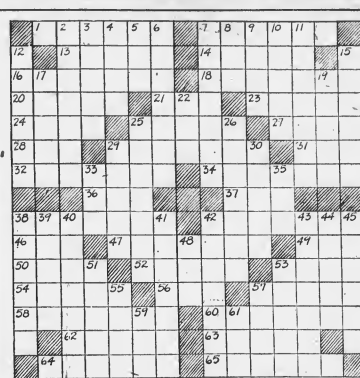

The Newer Silage Crops

A WEALTH of valuable information regarding the newer silage crops is contained in Bulletin No. 59, "Silage—Sandwaver, Corn, Sweet Clover and other Silages," recently issued by the Department of Agriculture, Ottawa. The Bulletin is a distinct contribution to our knowledge of silages other than corn, which may be grown in districts where corn cannot be profitably raised.

Recent publications include "Silage," "Poultry Feeds and Feeding," "Cultivation of the Apple in Canada," and "List of Five Hundred Publications." Check off those desired on this form and return, without postage to

CHAPTER 1—Continued

New doubts, new speculations took their place in the minds that marveled heavily across the shop girl's brain. The creditors, those inexpressible little people who fatten on the meagerness of the shop girl's purse with exorbitant prices for flimsy things that in their robes and faded away. They were now of the yesterday. For the first time—the first time that she could remember, Joanna, waiting to be dismissed for some unknown offence against some unknown customer, thought of tomorrow as it loomed within her own outlook. Dismissed from one store, the others would be, for a time, barred to her. And she struggled long to attain the appearance of valiant of the higher grades, that she had been made accessible morally she would have been more prosperous.

But Joanna thought of a great many things. A shopkeeper shot one many people, clashing her as one of a genius—the ultra modern genius—would not have credited her with.

She counted tranquilly and estimated herself one week of idleness without being too deep in trouble. Of course if the worst came to the worst she could pawn the fur wrap. Cohen wouldn't know.

But Joanna didn't want to part with that coat. At any of the dancing places to which the boys took her it would be missed immediately. Other girls are absent of such things, and really a fur wrap is a necessary mark of class nowadays. None of the boys would be coming around for her if she showed up any place with her old and unfurled coat. None, that is, except John.

She quarrelled with him only last night—again! She told him he was entirely too mussy to keep up the pace with her. Somehow the thought of John, with whom a quarrel was never worth a second thought, since none lasted from one evening to the next, comforted her. She looked suddenly at the Old Man's quiet, unimpressive secretary. She smiled a little toward him with the thought that she, the secretary, would be about the sort of girl John pretended to want to be.

Fancy the glorious Joanna with the shimmering gold brooch and the dash of scarlet across a field of velvet pink like that! She almost laughed when the other girl in red.

RUN-DOWN AFTER BIRTH OF BABY

Ottawa Woman Made Strong by Taking Lydia E. Pinkham's Vegetable Compound

Ottawa, Ontario.—"I was terribly run-down after the birth of my baby. I had awful bearing-down pains and was afraid I had serious trouble. I was tired all the time and had no appetite. My sister-in-law is taking Lydia E. Pinkham's Vegetable Compound and cannot praise it too highly and asked me to try it. I have had splendid results and feel like all the time now. Any one who needs a thorough pick-me-up soon learn from me what to take." Mrs. R. W. P. ADAMS, 320 Cumberland Street, Ottawa, Ontario.

Terrible Backache

Hamilton, Ont.—"After my baby was born I had terrible backache and headaches. I could not do my work and felt tired from the first minute I got up. But worst of all were the pains in my sides when I moved about. I had to sit or lie down for a while afterwards. I could keep my house in order, but many things had to go undone at the time because of my ailments. I was told by a neighbor to take Lydia E. Pinkham's Vegetable Compound, and she said it would build me up. I was relieved before I had taken the first one and bought and have not had any trouble like I once had." Mrs. T. MARKER, 115 Ferguson Avenue South, Hamilton, Ontario.

"Yes," Joanna replied, "I've read about it—lots. But I'm off the price street, and I put on my own slippers, thank you."

Then the Old Man laughed, laughed as some of his executives didn't know he could laugh. He dropped the jade paperweight and rose. Joanna rose with him, but he turned to a window and looked out into the skyscraper mazes that opened here and there to release a glimpse of an ocean liner ploughing its way down the sapphire river toward the Narrows and the sea. When he turned back into the room Joanna stood by her chair watching him steadily. He went almost up to her, so close that she had to tilt her face to look up at him. When he spoke again there was a new note in his voice.

"We mustn't fence, Joanna," he said. "I didn't send for you with any little pretence. I am to have the pleasure of delivering to you a message, a rather interesting message, I assure you. Something has happened to you, or for you, that so far as I know has never happened to any girl, at least so unexpectedly. First, I am to hand you this."

The sense of impending climax suddenly named Joanna's brain. The manner of Graydon had become portentous. She stared, fascinated, while he turned over his great desk.

When he stood over her again she took into her hands, wonderingly, a small, thin book which he silently held out to her. She looked up at him. He closed her fingers about the book and then lifted his cover for her. A folded letter dropped to the floor. Graydon recovered it and, opening it, gave it to her, motioning her to read it.

She saw her name, with the store given as her address.

When she had read the first typed paragraph Joanna, with the shimmering gold brooch, clutched frantically as if with her hands to catch her wandering wits. One hand fluttered then to her throat. She swayed. Graydon caught her by the shoulders and guided her as she dropped into her chair.

(To be continued)

The Secret Of Success

Concentrating on Work and Doing It Right Said Lord Northcliffe.

The late Lord Northcliffe, the great British newspaper owner, in a certain interview concerning the secret of his great success, said, "Concentration is the secret. Too many men don't concentrate; they dabble here and there in a great many different concerns or a large number of interests. I have only one and that is journalism; and the reason I have succeeded is because I devoted all my time to it."

"Work while you work, and play while you play," is an old adage. It means, no matter what you are doing, you should concentrate upon it and do it right. It means that while you work, you should work hard; and while you play, play hard. It means that while you are reading the newspapers, you should keep your mind strictly on your reading, so that you may derive benefit therefrom. If you are digging a ditch, dig with all your might until you are ready to give the next meter your whole attention. In this way you will make every inch of ground of your thing, and you will be able to say, with Emerson, "Concentration is the secret of success in politics, in law, in trade, in sport, in all the management of human affairs."

Congo Evolutionists Aid Interiors
New evolutionists have been found in the Congo. Natives known as the Batangi believe that apes are descended from disgraced men. "We are better and prouder than the apes, therefore we eat them," they told the Rev. H. C. Graham, a returned missionary.

"Give me a sentence with the word celery." "Every time he goes down celery takes a drink."

Graydon tilted a quick look at her. He was silent for a minute, toying with a jade paperweight. When he spoke he had resolved evidently to shorten his approach to whatever it was he had to say to the salesgirl from the silk counter who was not disposed to be humble in his presence.

"I must say that you impress me," he said, as if voicing a profound conclusion, as one who would not hesitate to dismiss friends if they were not invited. Again he was silent, Joanna fancied that he was preparing a new method of attack. She built new fortifications around her scruples and waited gratefully.

Graydon was still patient. "You have read, I suppose," he said quite slowly, as if he wanted her mind to follow him. "Ed. Chelander and the Prince who put her foot into the gold on slipper?"

Claims Stomach Souring

Causes Bad Breath

New York City. Mr. Ben Lohndel, writer, was formerly a victim of constant upset stomach, had taste in the mouth and very disagreeable breath. His bowels were constantly constipated and nothing helped except temporarily. After using Carter's Little Liver Pills it took him some time and I am especially happy because of a sweet, clean, healthy breath.

Carter's Little Liver Pills are small, sugar coated, easy to take by every member of the family. Their action on the bowels is gentle. 25¢ and 75¢ red pkgs. Druggists.

Luncheon Clubs Not New Idea

One Which Flourished in Addison's Days Had Queer Rules

The modern luncheon clubs such as the Rotary, Kiwanis and Knights of the Round Table, do not typify a new idea, according to records. Luncheon clubs were well established in Addison's time when the "Spectator's Club" flourished under rules that included: "None shall be admitted into the club that is of the same trade with any member of it; if any member swears or curses, his neighbor may give him a kick on the shin, and if any member tells stories that are not true he shall forfeit for every third lie a half penny."

Nervousness, Dizzy Spells and Heart Trouble Relieved

Mrs. S. Wideman Used Dodd's Kidney Pills

Ontario Lady Has Had No Return of Her Troubles Since Taking Dodd's Kidney Pills Four Years Ago. "Nervousness, Dizziness, Headaches, and aching limbs—these were the troubles that plagued me for years. I had tried many remedies, but nothing seemed to help. Then I read of Dodd's Kidney Pills and decided to try them. After taking a few boxes and can say I have not been troubled since with either of the things I have mentioned and that is over four years ago. I work every day."

That Mrs. Wideman's trouble came from the kidneys is evidenced by the fact that she got from Dodd's Kidney Pills. When the kidneys become clogged or out of order, the circulation becomes sluggish, impurities are not strained out of the blood and the result is weakness and lack of energy all over the body.

Little Helps For This Week

He leadeth me.—Ps. xliii, 3.

Through many a thorny path, He leads my tired feet,
Through many a path of tears I go;
But He is sweet
To know that He is close to me,
My God, my Guide;
He leadeth me, and so I walk Quoted.

Like Alpine climbers, our only safety is in steadfastly fixing our gaze on him, our Guide, and following step by step the path He trod, that He might know all the dangers and difficulties that beset our way. And we may be sure He will never lead us further or faster than we can safely follow.

—Rose Porter.

Canada Is A Continent

Has Area 175,574 Square Miles Greater Than Europe.

Canada is not a country, it is a continent!

The continent of Europe, from the topmost peak of Norway to the low delta point of Spain; from its westernmost boundary—a line which includes the British Isles—to its eastern boundary—a line which includes the Sea of Azov—has an area of 3,570,000 square miles.

The area of the Dominion of Canada, exclusive of the territorial sea and the Canadian portion of the Great Lakes, counting the islands of the Gulf of St. Lawrence, but not its waters, is 3,745,574 square miles. The area of the Dominion of Canada, therefore, is 175,574 square miles greater than the area of Europe.

Europe is divided into 22 countries. Canada is one nation.

The true love of a country so vast as Canada must be greater than the love of any one of its provinces. We are nine. We are one.—London Free Press.

Dog Showed Perseverance

Irish Setter Puppy Travelled Eight Months to Find Old Home

We have given many stories of wonderful feats by dogs. Here is another very remarkable case reported in an English newspaper.

A boy living outside Paris sent to a breeder of dogs in the north of France requesting him to send him an Irish Setter puppy.

The puppy was placed in a crate and sent by train to the Gare du Nord station, where it was received by its new master, removed from the crate, sat on across Paris in a taxi, and put in another train guarded by its master. On reaching its destination, a little village about fourteen kilometers on the other side of Paris, the dog was taken on a lead to its new home.

"During the evening the dog was released for exercise in the garden, which was entirely enclosed.

When the time came for the dog to be shut up for the night, however, it was nowhere to be seen. Its master searched high and low, consulted the police and was out half the night in vain. No trace of the truant could be found.

Eight months later, came a letter from the breeder saying the dog had just arrived home! For all those months the poor creature had wandered about in search of its old home.

Canada's New Inland Empire

Wonderful Opportunity in Peace River Country Says Sir Henry Thornton

Canada's newest inland empire is the title given to the Peace River country. Sir Henry Thornton says: "If only 50 per cent. of the acreage of the Peace River districts were brought under cultivation, more wheat would be produced than is done at present by the whole of Canada. This country abounds in what the nations of the world want—poultry, cattle, sheep and grain. These are raised in abundance. Here we have another great empire in the west awaiting development, and an empire which will be rich in productiveness in the time to come."

Allies Allow Germany

To Build Zeppelin

Airship Is Designed For Pleasure Trips and Commerce

It is reported from Friedrichshafen that the public subscription in Germany organized by Captain Eckner for the construction of a new Zeppelin has produced so far 2,200,000 marks out of a required total of four millions. Half a million was handed over to the company in order to begin building the airship immediately.

It is understood the allies consented to the construction as the Zeppelin is destined for pleasure trips and commerce.

May Place Buffalo On Forest Reserve

Officials of the department of the Interior are considering the proposal to stock the government pine forest reserve in the Prince Albert district, Saskatchewan, with buffalo.

Science having discovered that white is gray, hope is renewed that the puzzle of why blackberries are red when they are green may yet be solved.

Uses Bow And Arrow

Caraja Indian Shoots Fish Instead of Using Hook and Line

An explorer, who is gathering Indian material in South America, writes thus of the Caraja Indian.

"As a fisherman the Caraja Indian is in a class by himself. Instead of using hook and line, he shoots fish with the bow and arrow, a difficult feat which taxes to the utmost his skill with that weapon and also his ability to handle a canoe. Their canoes are dugout, made by burning out the insides of trees, and are sometimes more than thirty feet long. In these they will shoot a prize fish for hours, manoeuvring the boat to a position which will enable them to get a likely shot. Many of the fish are beautifully marked and colored, so it is no trouble to trail them up or down the river. When the Indian has made a lucky shot, he expertly guides the arrow into the water and captures his fish, often nearly as big as he is."

HEALTHY CHILDREN

ALWAYS SLEEP WELL

If Baby Does Not Enjoy Refreshing Sleep He is Far From Well

The healthy child sleeps well and during its waking hours is never cross but always happy and laughing. It is only the sickly child that is cross and peevish. Mothers, if your children do not sleep well, if they are cross and cry a great deal, give them Baby's Own Tablets and they will soon be well and happy again.

Baby's Own Tablets are a mild but thorough laxative which regulate the bowels, sweeten the stomach, banish constipation, colic and indigestion and promote healthy sleep. They are absolutely guaranteed free from opiates and may be given to the newborn babe with perfect safety. You can obtain Baby's Own Tablets through any medicine dealer at 25 cents a box, or by mail, post paid, from The Dr. Williams' Medicine Co., Brockville, Ont.

Mexico's New Agricultural Law

A new agricultural law has been officially published in Mexico. It provides for the establishment of a national agricultural bank, and requires all land owners to register their property in a bureau which is to be established. Agrarian debt bonds may be used as security for land loans at the new bank.

"Father, what is politeness?"

"Politeness, my son, is the art of concealing from other people what you think of them."
